

Appl. No. 10/706,895
Patent No. 6,825,734
Communication Dated: 7/29/2005

REMARKS

Pursuant to 37 CFR 1.36 and 37 CFR 10.40, the attorneys associated with Customer No. 24222 respectfully request withdrawal as the attorneys of record for the above-referenced patent no. 6,825,734.

As noted in PTO/SB/83, patentee and President of Phasor Technologies Corporation (assignee), Roger L. Clark, has indicated his desire to handle maintenance fee matters for the above cited patent himself. Therefore, the practitioners request withdrawal as attorneys, change of correspondence address and removal of the above-referenced application from the Customer No. 24222.

Reasonable steps have been taken to avoid foreseeable prejudice to the rights of the parties, including giving due notice to patentee and providing time for employment of another practitioner. The next deadline is the 3.5 year maintenance fee due May 30, 2008. Applicant believes that this request is in good order and requests speedy approval and change of correspondence and fee address. And, Applicant further requests that Office contact the undersigned by telephone for quickest resolution of any remaining issues.

Respectfully submitted,

Vernon C. Maine, Reg. No. 37,389
